Service des Publications.

Messieurs,

En réponse à votre lettre du 21 écoulé, j'ai  
le plaisir de vous donner mon accord pour recevoir, en dépôt,  
vos publications, aux conditions de votre lettre.

Je vous donne ci-après, la<sup>1</sup> liste et les quantités  
des ouvrages, qui je crois, sont susceptibles d'intéresser  
la clientèle à Cuba.

Collection : LES DOSSIERS DE LA COOPERATION INTELLECTUELLE :	2 ex.
SCIENCES SOCIALES ET RELATIONS INTERNATIONALES :	2 ex.
RELATIONS UNIVERSITAIRES :	3 ex.
ENSEIGNEMENT	4 ex.

Quand vous nous envoyez un effice et que l'ouvrage est  
traduit en anglais, les mêmes quantités peuvent nous être envoyées  
dans cette langue.

Nous ne manquerons pas de vous tenir au courant des  
modifications à apporter à ces quantités dès que nous aurons pu  
juger de l'accueil de notre public.

Il est tout à fait important que tous vos envois soient  
fait par poste simple **NON RECOMMANDEE**.

Je vous prie d'agréer, entretemps, Messieurs, l'expression  
de mes sentiments les plus distingués,

*René de Smedt*

Le 4 juin 1940.

Monsieur,

En réponse à votre lettre du 22 avril, nous vous informons que le nécessaire a été fait afin que les publications que vous nous avez demandées vous soient envoyées aussitôt que possible.

Parmi les publications que vous recevrez, vous trouverez quelques volumes en langue anglaise, dont la traduction française n'a pas encore été publiée; pour éviter peut-être un malentendu, nous vous prions de bien vouloir nous faire savoir si votre désir de recevoir les éditions anglaises se réfère également aux volumes déjà publiés, ou seulement à ceux qui paraîtront dans l'avenir.

Je vous prie d'agréer, Monsieur, l'expression de mes sentiments distingués.

(M. de Henzel)  
Service des Publications.

-1 MAR 1939

Messieurs,

En réponse à votre lettre du 16 janvier, nous sommes heureux de constater que vous êtes disposés à vous charger du dépôt de nos publications dans votre pays.

Afin d'éviter, dès le début, tout malentendu, nous tenons à vous préciser les modalités de nos relations telles que nous les concevons pour un régime régulier; elles présentent sur certains points quelques légères différences avec celles que suggère votre lettre :

a) - L'exclusivité de votre représentation ne concernerait évidemment que la République Argentine.

b) - Des catalogues annuels de nos publications, et, éventuellement, des prospectus, vous seront envoyés dans la mesure où nous pourrions satisfaire à vos demandes.

c) - Une remise de 40 % sur les volumes et de 10 % sur les abonnements aux périodiques vous sera consentie, comme à tous nos autres dépositaires.

d) - Nous acceptons le procédé de liquidation de vente suggéré dans votre lettre.

e) - L'exclusivité qui vous serait accordée conformément au point a) comprendrait toutes les commandes de nouveaux clients qui pourraient nous arriver d'Argentine et qui vous seraient transmises pour leur exécution.

Agencia Argentina de  
Publicaciones Internacionales,  
Casilla de Correo 2534,  
BUENOS-AIRES

En ce qui concerne nos abonnés actuels, leurs noms vous seront communiqués afin de vous laisser le bénéfice des renouvellements, à condition que ce soit vous qui nous les transmettiez et qui nous en régliez le paiement, comme le font nos autres dépositaires. Toutefois, nous ne saurions vous accorder de ristourne sur les abonnements actuels ou futurs, transmis par d'autres libraires directement à l'Institut, ainsi que sur les achats ou abonnements des Institutions avec lesquelles nous sommes déjà en rapport depuis longtemps, notamment la Commission Nationale de Coopération Intellectuelle et l'Instituto de Economia Americana à Buenos-Aires.

f) - Nous sommes d'accord avec vous pour la durée du contrat, soit trois ans.

g) - La question de publications éventuelles en espagnol ne s'étant pas posée jusqu'ici, nous ne pouvons nous prononcer à ce sujet; elle devrait faire l'objet, le cas échéant, d'une convention spéciale.

h) - Pour la constitution du dépôt de nos publications dans votre Agence, nous attendons vos suggestions quant à leur nombre.

i) - Si, comme nous le souhaitons, vous êtes d'accord avec nous sur ces différents points, nous vous communiquerons les noms de nos clients en Argentine, toutefois avec les restrictions mentionnées ci-dessus (e).

Nous espérons arriver ainsi à une solution également favorable pour les deux parties, et dans l'attente de votre prompt réponse, nous vous prions d'agréer, Messieurs, nos salutations distinguées.

Le Chef du Service des Publications :

  
(J. BELIME)

P.S. : Ci-joint notre Catalogue de Publications.

11

En ce qui concerne nos honoraires actuels, laissez nous vous  
servir communiés afin de vous laisser la possibilité des réponses  
immédiates, à condition que ce soit vous qui nous les transmettiez  
et qui nous en régliez le paiement, comme la font nos autres dégo-  
létaires. Toutefois, nous ne pouvons vous accorder de ristourne  
sur les abonnements actuels ou futurs, transmis par d'autres in-  
dividus diversément à l'Institut, ainsi que sur les achats ou  
abonnements des instituteurs avec lesquels nous avons déjà eu  
rapport depuis longtemps, notamment la Commission Nationale de  
Coopération Intélnationale et l'Institut de Recherche Américaine  
d'Amsterdam.

1) - Nous sommes d'accord avec vous pour la durée du contrat,  
soit trois ans.  
a) - la question de publications éventuelles en supplément ne  
s'étant pas posée jusqu'ici, nous ne pouvons nous prononcer à ce  
sujet; elle devrait être réglée, le cas échéant, d'une conven-  
tion spéciale.

b) - Pour la constitution du dépôt de nos publications dans  
votre archive, nous entendons vos suggestions quant à leur nombre.  
1) - Si, comme nous le souhaitons, vous êtes d'accord avec  
nous sur ces différents points, nous vous communiersons les noms  
de nos clients en Argentine, tels qu'ils sont les relations au-  
térieures ci-dessus (a).

Nous espérons arriver ainsi à une solution satisfaisant l'avo-  
cable pour les deux parties, et dans l'attente de votre prochaine  
réponse, nous vous prions d'agréer, Messieurs, nos salutations  
distancées.

Section 1. Title and Nature of the Bill.  
The title of this bill is "An Act to amend the laws relating to the administration of the courts of this State."  
The purpose of this bill is to amend the laws relating to the administration of the courts of this State, and to provide for the better organization and management of the same.  
The bill is divided into three parts, the first of which relates to the organization of the courts, the second to the management of the courts, and the third to the administration of the courts.  
The first part of the bill relates to the organization of the courts, and provides for the creation of a new court, and for the appointment of judges to the same.  
The second part of the bill relates to the management of the courts, and provides for the appointment of a clerk of the courts, and for the appointment of a deputy clerk of the courts.  
The third part of the bill relates to the administration of the courts, and provides for the appointment of a judge of the courts, and for the appointment of a deputy judge of the courts.  
The bill is divided into three parts, the first of which relates to the organization of the courts, the second to the management of the courts, and the third to the administration of the courts.  
The first part of the bill relates to the organization of the courts, and provides for the creation of a new court, and for the appointment of judges to the same.  
The second part of the bill relates to the management of the courts, and provides for the appointment of a clerk of the courts, and for the appointment of a deputy clerk of the courts.  
The third part of the bill relates to the administration of the courts, and provides for the appointment of a judge of the courts, and for the appointment of a deputy judge of the courts.

Yougoslavie : Librairie François Bach, 8, rue Knez Mihailova, Belgrade.

1. The first part of the paper is devoted to a general  
discussion of the problem of the origin of life.  
It is shown that the problem is one of the most important  
in the history of science, and that it has been the subject  
of much of the most brilliant and original work of the  
last few decades.  
The second part of the paper is devoted to a detailed  
discussion of the various theories which have been proposed  
to explain the origin of life. It is shown that the most  
plausible of these theories is the theory of spontaneous  
generation, which is based on the fact that the conditions  
of the early earth were such as to favour the formation  
of organic compounds from inorganic materials.  
The third part of the paper is devoted to a discussion  
of the evidence in favour of the theory of spontaneous  
generation. It is shown that the evidence is of a very  
convincing nature, and that it is in complete agreement  
with the results of the most recent experiments.  
The fourth part of the paper is devoted to a discussion  
of the various objections which have been raised against  
the theory of spontaneous generation. It is shown that  
these objections are of a very unconvincing nature, and  
that they are based on a misunderstanding of the facts  
of the case.  
The fifth part of the paper is devoted to a discussion  
of the various applications of the theory of spontaneous  
generation. It is shown that the theory has many  
important applications, and that it is of great value  
in the study of the history of life.  
The sixth part of the paper is devoted to a discussion  
of the various conclusions which can be drawn from the  
study of the origin of life. It is shown that the most  
important conclusion is that the origin of life is a  
process which has taken place many times over, and  
that it is a process which is still taking place.

1. The first part of the report deals with the general situation of the country.

2. The second part deals with the economic situation and the progress of the various sectors.

3. The third part deals with the social situation and the progress of the various sectors.

4. The fourth part deals with the cultural situation and the progress of the various sectors.

5. The fifth part deals with the environmental situation and the progress of the various sectors.

6. The sixth part deals with the international situation and the progress of the various sectors.

7. The seventh part deals with the internal situation and the progress of the various sectors.

8. The eighth part deals with the external situation and the progress of the various sectors.

9. The ninth part deals with the future prospects and the progress of the various sectors.

10. The tenth part deals with the conclusions and the progress of the various sectors.

11. The eleventh part deals with the annexes and the progress of the various sectors.

12. The twelfth part deals with the bibliography and the progress of the various sectors.

13. The thirteenth part deals with the index and the progress of the various sectors.

14. The fourteenth part deals with the list of abbreviations and the progress of the various sectors.

15. The fifteenth part deals with the list of symbols and the progress of the various sectors.

16. The sixteenth part deals with the list of tables and the progress of the various sectors.

17. The seventeenth part deals with the list of figures and the progress of the various sectors.

18. The eighteenth part deals with the list of maps and the progress of the various sectors.

19. The nineteenth part deals with the list of references and the progress of the various sectors.

20. The twentieth part deals with the list of footnotes and the progress of the various sectors.

2960 Broadway N.York

1. The first part of the paper is devoted to a general

discussion of the problem and its importance.

The second part is devoted to a detailed

analysis of the various factors which influence

the results of the investigation.

The third part is devoted to a discussion of the

results of the investigation and their significance.

The fourth part is devoted to a discussion of the

conclusions of the investigation and their

implications for future research.

The fifth part is devoted to a discussion of the

limitations of the investigation and the

possibilities for further research.

The sixth part is devoted to a discussion of the

conclusions of the investigation and their

implications for future research.

The seventh part is devoted to a discussion of the

conclusions of the investigation and their

implications for future research.

The eighth part is devoted to a discussion of the

conclusions of the investigation and their

implications for future research.

The ninth part is devoted to a discussion of the

conclusions of the investigation and their

implications for future research.

The tenth part is devoted to a discussion of the

conclusions of the investigation and their

implications for future research.

REPORT ON THE PROGRESS OF THE WORK

The following report is submitted to the Committee on the progress of the work during the year 1900.

The work has been carried out in accordance with the plan approved by the Committee at its meeting on the 10th of January.

The first part of the work has been devoted to the study of the general principles of the subject, and the second part to the study of the special principles.

The results of the work have been summarized in the following table:

The work has been carried out in accordance with the plan approved by the Committee at its meeting on the 10th of January.

The first part of the work has been devoted to the study of the general principles of the subject, and the second part to the study of the special principles.

The results of the work have been summarized in the following table:

1. The first of the most important factors in the development of the world's population is the increase in the number of people living on the earth. This increase has been rapid and continuous since the beginning of the 19th century. The population of the world in 1917 was estimated at 1,700,000,000, and it is expected that by 1925 it will reach 2,000,000,000. This increase in population has led to a corresponding increase in the demand for food, clothing, and shelter, and has created a serious problem for the world's resources.

2. The second factor is the increase in the number of people living in cities. This increase has been rapid and continuous since the beginning of the 19th century. The population of the world in 1917 was estimated at 1,700,000,000, and it is expected that by 1925 it will reach 2,000,000,000. This increase in population has led to a corresponding increase in the demand for food, clothing, and shelter, and has created a serious problem for the world's resources.

3. The third factor is the increase in the number of people living in cities. This increase has been rapid and continuous since the beginning of the 19th century. The population of the world in 1917 was estimated at 1,700,000,000, and it is expected that by 1925 it will reach 2,000,000,000. This increase in population has led to a corresponding increase in the demand for food, clothing, and shelter, and has created a serious problem for the world's resources.

4. The fourth factor is the increase in the number of people living in cities. This increase has been rapid and continuous since the beginning of the 19th century. The population of the world in 1917 was estimated at 1,700,000,000, and it is expected that by 1925 it will reach 2,000,000,000. This increase in population has led to a corresponding increase in the demand for food, clothing, and shelter, and has created a serious problem for the world's resources.

5. The fifth factor is the increase in the number of people living in cities. This increase has been rapid and continuous since the beginning of the 19th century. The population of the world in 1917 was estimated at 1,700,000,000, and it is expected that by 1925 it will reach 2,000,000,000. This increase in population has led to a corresponding increase in the demand for food, clothing, and shelter, and has created a serious problem for the world's resources.

6. The sixth factor is the increase in the number of people living in cities. This increase has been rapid and continuous since the beginning of the 19th century. The population of the world in 1917 was estimated at 1,700,000,000, and it is expected that by 1925 it will reach 2,000,000,000. This increase in population has led to a corresponding increase in the demand for food, clothing, and shelter, and has created a serious problem for the world's resources.

7. The seventh factor is the increase in the number of people living in cities. This increase has been rapid and continuous since the beginning of the 19th century. The population of the world in 1917 was estimated at 1,700,000,000, and it is expected that by 1925 it will reach 2,000,000,000. This increase in population has led to a corresponding increase in the demand for food, clothing, and shelter, and has created a serious problem for the world's resources.

8. The eighth factor is the increase in the number of people living in cities. This increase has been rapid and continuous since the beginning of the 19th century. The population of the world in 1917 was estimated at 1,700,000,000, and it is expected that by 1925 it will reach 2,000,000,000. This increase in population has led to a corresponding increase in the demand for food, clothing, and shelter, and has created a serious problem for the world's resources.

9. The ninth factor is the increase in the number of people living in cities. This increase has been rapid and continuous since the beginning of the 19th century. The population of the world in 1917 was estimated at 1,700,000,000, and it is expected that by 1925 it will reach 2,000,000,000. This increase in population has led to a corresponding increase in the demand for food, clothing, and shelter, and has created a serious problem for the world's resources.

10. The tenth factor is the increase in the number of people living in cities. This increase has been rapid and continuous since the beginning of the 19th century. The population of the world in 1917 was estimated at 1,700,000,000, and it is expected that by 1925 it will reach 2,000,000,000. This increase in population has led to a corresponding increase in the demand for food, clothing, and shelter, and has created a serious problem for the world's resources.

1. The first part of the report deals with the general situation of the country and the progress of the work during the year. It is divided into two main sections: the first section deals with the general situation of the country and the progress of the work during the year, and the second section deals with the specific results of the work.

2. The second part of the report deals with the specific results of the work. It is divided into three main sections: the first section deals with the results of the work in the field of agriculture, the second section deals with the results of the work in the field of industry, and the third section deals with the results of the work in the field of commerce.

3. The third part of the report deals with the conclusions of the work. It is divided into two main sections: the first section deals with the conclusions of the work in the field of agriculture, and the second section deals with the conclusions of the work in the field of industry and commerce.

4. The fourth part of the report deals with the recommendations of the work. It is divided into two main sections: the first section deals with the recommendations of the work in the field of agriculture, and the second section deals with the recommendations of the work in the field of industry and commerce.

5. The fifth part of the report deals with the summary of the work. It is divided into two main sections: the first section deals with the summary of the work in the field of agriculture, and the second section deals with the summary of the work in the field of industry and commerce.

RECEIVED

THE SECRETARY OF THE ARMY

WASHINGTON, D. C.

DEAR SIR:

I have the honor to acknowledge the receipt of your letter of the 10th inst.

and in reply to inform you that the same has been forwarded to the proper authorities for their consideration.

I am, Sir, very respectfully, your obedient servant.

Very truly yours,

JOHN M. [Signature]

Enclosed for you are two copies of the report of the Committee on the subject of the proposed amendment to the Constitution.

I am, Sir, very respectfully, your obedient servant.

Very truly yours,

JOHN M. [Signature]

I have the honor to acknowledge the receipt of your letter of the 10th inst.

and in reply to inform you that the same has been forwarded to the proper authorities for their consideration.

I am, Sir, very respectfully, your obedient servant.

Very truly yours,

JOHN M. [Signature]
